

PROCUREMENT OF BOOKS BY PARENTS / STUDENTS

1. List of Books required by students of various classes has been displayed on the school website and also on the school notice board.
2. Parents / students may procure the required books from any vendor in Patiala or elsewhere or online as per their convenience.
3. The school does not patronize any particular vendor. Any claims by any vendor stating that he has exclusive rights to sell the school books are completely baseless.
4. Books may be bought singly / as a set based on your requirement. If any vendor is forcing you to procure books only as a complete set this amounts to trade malpractice and may be reported to relevant authorities.
5. If any vendor is selling books at a rate higher than the MRP, this amounts to trade malpractice and may be reported to relevant authorities.

6. It is highly recommended that parents check the edition of the book before making a purchase, and ensure that they get the latest and updated (2023-24) edition of the books.
7. If you have any complaint against the school authorities with regard to the above, please submit your complaint in writing. We assure you that expeditious and appropriate action will be taken. However, it may please be noted that we are not obliged to take action on anonymous complaints or complaints which are generalized in nature and not supported by concrete evidence.
